		<p>These two points will be the foundation projects for the Community Committee.</p> <p>Thanks to all who sent in information of all the different areas. Special thanks to J Hawthorne for collating the Community Plan booklet.</p> <p>A Horsfall is to contact Rongotea Lions Club to seek help from a Civil Engineer, with developing plan for beautification and the public resting place/viewing platform.</p>	A Horsfall
2.3	Community Projects	19 th June @ 2.30pm there will be a Community farewell to residents moving away/welcome new residents' afternoon tea. All welcome	
3		<p>Other Business</p> <p>Considerable discussion was held on the PNCC Nature Calls project. Some community members have had a letter from the PNCC, regarding the testing of the land for suitability for the wastewater discharge. The area the Council will need is the same as the footprint of P.N. city. It could incorporate farmland as far over as state highway 1 across to Rangiotu.</p> <p>It was suggested that we should push for proper wetlands and get the drainage away from productive land.</p> <p>3 waters - This was also discussed. Opportunity for submissions will be called for, in coming weeks. It is proposed to be rolling out by 2024.</p> <p>Mowing the sides of the road and around the Hall & Church i.e. area from Marae to the Rangiotu School, Who is responsible for this? Cr Casey will ask.</p> <p>A Horsfall noted that anyone supplying H2O need to be registered and then water to be tested.</p> <ul style="list-style-type: none"> • Is there someone who goes around to do the testing? • What is the MDC stance on the quality of the water for the Halls in the district? • Does the water need to be tested? 	<p>Cr S Casey</p> <p>MDC</p>
