Colin McFadzean has also donated \$250 from his business to be distributed to HCDG as it sees fit.

4.0 GENERAL BUSINESS

4.1 Focus #1 – Walkway and Domain

A huge thank you to all that attended the walkway working bee, we had a very productive morning and we achieved what we set out to do. Carpet, stones, and bark laid and spread around railway board, plaques cleaned and secured along with boarder boards, weeds pulled around trees etc. A big thanks to Neil for doing the heavy lifting by tractor. It saved time and our backs!

My wish list for the area ultimately is to completely clear the drain and trees around Levin Street area, the drain is growing trees and old trees a danger. The gorse along the creek side and railway bank is in desperate need of a spray. I would like to see some sort of steps alongside the grandstand as this path is eroding away as is the 'waterway' just past the Stanway end of the walkway. More bark would be nice too.

I will endeavour to organize regular working bees so people in the community for example last Sunday of every month you can come on down.

4.2 Focus #2 – Hall (Maureen)

Discussion/Activity

Renovations on the hall have been completed.
Discussion with Trev Hendra, MDC Rec Services, re some residue damage from contractors, such as extensive black scuffing on supper room ceiling from scaffolding. He is checking on this.

Correspondence

- Plan attached

<p>31 Feb James Adamson MDC email requesting info on use of community funds for outstanding work on hall.</p> <p>Hall Renovations/restoration</p> <p>The hall reno went over budget so some things on the list need to wait until more money is available.</p> <p>Main things being sanding and coating the wooden floors, repainting the new stays in ceiling colour, and ceiling issues including black mould, water leak holes and a largish dent from a contractor foot. The ceiling needs remedial spraying and painting with an enamel paint.</p> <p>The storeroom needs sealing and painting.</p> <p>A plan is attached for forward planning and maintenance.</p>

4.3 Focus #3 – Cenotaph & Recreational Area

4.3 Subprojects

<i>Roading & Recycling (Richard Bain)</i>	
<p>Roading</p> <p>A road sign on the Halcombe/Mt Biggs Rd is a hazard to heavy vehicles due to its proximity to the edge of the sealed surface. This sign is situated 1km up from Halcombe Rd (photo supplied). Is MDC able to relocate the position of this sign so that it is not a hazard?</p>	<ul style="list-style-type: none"> See attached photo
<i>Community get-togethers</i>	
<ul style="list-style-type: none"> ANZAC Day: Lantern Festival: Saturday 15 July Breast Cancer Activities Request for use of cenotaph from May 1 granted. Afternoon Tea – early May? 	
<i>Cemetery Land (Rachel)</i>	
<p>Rams are out with ewes doing their thing.</p> <p>Jeff Lane has topped the Halcombe and Feilding paddocks, which are looking good.</p> <p>Sam Worboys has regressed the back paddock.</p>	
<i>Entrance/Welcome signs</i>	
<ul style="list-style-type: none"> Richard Bain has weed-whacked the long grass around the edge of the stones (Feilding side) and requests weeds growing amongst the stones as well as around the edge to be sprayed to assist the mowing contractors. 	
<i>Recycling</i>	
<ul style="list-style-type: none"> Richard outlined recent activities. 	
<i>Communications (Maureen)</i>	
<p>Face Book - The old page has been updated to a Face Book Group.</p> <p>Advantages are that anyone can view it – in the past only people with a Facebook account could see it.</p> <p>All Facebook users can post.</p> <p>Clear rules have been developed that posters and commenters must abide by.</p> <p>There are two administrators and three moderators who monitor any activity.</p> <p>Although still in its infancy it is going really well. It's being used sensibly and is responsive. For instance, lost dogs seem to be found in less than an hour.</p> <p>People do not have to join, so numbers can't really be compared to the old page.</p> <p>However, posts seem to have around 600 views and growing.</p> <p>The best thing is there is a really switched on team who know what they are doing, and Maureen no longer has her life dominated by having to check every couple of hours, and it is not attached to any person.</p>	
<i>Water Scheme (Colin)</i>	
<ul style="list-style-type: none"> Colin outlined recent issues facing the Water Scheme and how they have been resolved. Full access to the bore is now available. Constitution to be changed to accommodate iwi participation. 	

<ul style="list-style-type: none"> texting via cell phone available to members.
