Matters Arising:

Logs at Sanson School: Were started on Saturday 15th January 2022 at 9.30am, 9 logs remaining in the 1st pile and 7 trailer loads were taken away to be split up at a later date. Grant spoke to Jude at the school and the logs and the burn pile belong to the Sanson Community Committee and the burn pile is not for general public to go and help themselves which was the case a few weeks ago. Chris is going to ask Pete Meacham if we can borrow his log splitter.

General Business:

Apologies from Kristi Whittaker for her lack of commitment due to health reasons and Kristi mentioned about a wood splitter that can be hired for \$90 for hours if the Sanson Committee can not find one to use.

Joel Wiapo presented an update with the Event Signs and Joel contacted Nicholls Machinery and this location is not suitable as the business is up for sale and Joel has emailed Manawatu District Council to ask who to get approval from to have the signs erected near the Domain where the Blocarts are and is waiting for a reply back.

Council Report: Andrew Quarrie.

1. One of the Major road projects the Manawatu and Rangitikei District Councils have embarked up is the construction of a new bridge at Mangaweka, the bridge is due to be opened 21 Feb, it has been delivered on time and within budget.
2. MDC staff are working from home, wear possible and the governance team are split into 2 teams, one attends meetings the other zooms in. There should be no reduction to the levels of service.
3. There has been a resignation of one councillor, and at our next meeting council will decide on a course of action.

Meeting Closed at 8.20pm

Next meeting in the supper room is on Wednesday 9th March 2022 at 7pm.
