Community Plan:(whats been completed,whats been planned,timeline,actions)

Hall: Still more wooden chairs and chandeliers to sell.

Storage instructions will be put up in the storage area once cleanup has been completed

Poutakawa tree has been trimmed

Hire-age terms and conditions for the Hall need to be done as soon as possible. Denise **to print out a hall agreement to bring to the next meeting that we can use as a guide to make our own one up.**

Council Matters:

General Business:

Toilet near entrance to Tangimoana is closed at the moment and has a very strong smell this needs to be fixed before our summer visitors come out. Also the map showing the position of the toilets on it has the old toilet site marked on it not the new one and the sign is quite faded. **We need the council to look into this for us as soon as possible**

Subcommittee Reports

Reserve Report attached

Storage is required by the group for a trailer and 10,000 litre tank with easy access that will be used regularly for carting water to keep the plants in the Reserve growing over Summer **-Jenny R to put on**

Council reserve long term plan what is involved with this and the time frames?

Weed booklet is being compiled for anyone that is working in the reserve so they know what weeds to target

Suggestion that a tree planting ceremony could be part of the 2021 centenary celebrations

Meeting finished: 8pm

Next meeting: Monday 16th December
